

## Technical data sheet

### Mounting accessories and tools

---

#### Cable tie KSN

---

#### Identification

|          |                          |
|----------|--------------------------|
| Type     | KABELBINDER KSN1 100×2,5 |
| Part No. | 680100                   |

---

#### Product version

|                   |    |
|-------------------|----|
| Datasheet version | 00 |
|-------------------|----|

---

#### Use/Application/Properties

|             |                                                                                                                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application | <ul style="list-style-type: none"><li>• Cable ties – fast and simple installation</li><li>• For the bundling, binding and attaching of cables, conductors, braids, wires and conduit. <b>Non-detachable!</b></li></ul> |
|-------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

---

#### Technical data

|                               |                   |
|-------------------------------|-------------------|
| Width                         | 2.5 mm            |
| Temperature range             | -40 °C ... +85 °C |
| Burning behavior according to | UL 94 V2          |

---

#### Construction

|                          |                        |
|--------------------------|------------------------|
| Description              | Cable tie KSN1 100×2.5 |
| Material                 | PA 6.6                 |
| Color                    | natural                |
| Material characteristics | mould-resistant        |

---

#### General

|                  |        |
|------------------|--------|
| Weight/100 units | 0.6 kg |
| PU (units)       | 1000   |

---
